PRODUCT DESCRIPTION

Introducing the Sunbird Flag, our newest teardrop shape flag that is produced using the same exact materials as our Best Seller Falcon Flag. Perfect for quantity orders, this new flagpole hardware is the economical choice. Plus, its pole connections give height options. Sunbird Flag comes in these four heights: SM (7.5'), MD (9'), LG (12'), XL (15'). Sunbird Flag is intended for display outdoors. Insert the spike base into grass or use the X-base to stand on concrete. We custom print your graphic artwork on polyester mesh by the process of dye sublimation. Our inks heavily saturate the material to create a "bleed-through" effect for our single-sided prints, and double-sided prints are finished with a silver-gray blocker that lays between. Black flag trim is sewn on the edge of the graphic (pole-side), leaving a pocket for pole insertion. A set of grommets are installed on the bottom of the trim in which the short bungee cord (included) can loop through and snugly attach the graphic to the base.

FLAG HEIGHT	15' H (From base of pole)
GRAPHIC SIZE	45" W x 159"H

GRAPHIC MATERIAL

MESH FABRIC

GRAPHIC FINISHING

Hemmed edges with pole pocket trim

DISPLAY CONSTRUCTION

Carbon composite flag poles

SET UP INSTRUCTIONS

- A. Flag poles are numbered for easy assembly. Follow guide above for assembly order (Note: Medium flagpole can convert to Large and X-Large size by adding additional pole #3's)
- B. Insert tip of flagpole into the black pocket trim on the flag and push it all the way to the end of the pocket.
- C. Secure flag by lacing the bungee through the grommets on the pocket trim and tethering it to the hook at the base of the pole.
- D. Insert pole into desired base to display flag.

Spike Base

Insert the pointed end of the spike base into the ground. Insert the post with rubber grommets into the opening on bottom of the flagpole to display flag.

X-Base

Unfold legs and insert the post with rubber grommets into the opening on bottom of the flagpole to display flag. A water bag can be added for added stability.
