SEGO CONFIGURATION Q4

SEGO MODULAR LIGHTBOXES

PRODUCT CODE: SEGO-Q4

DOUBLE SIDED | **INDOOR USE**
PRODUCT DESCRIPTION

The advanced technology of the new SEGO modular lightbox system combines innovation with intuition. Toolless down to its feet, SEGO is designed to help heighten your display experience. Magnetic electrical connectors light up the UL certified LED lights that come pre-installed in the profiles. Electrical wires stay hidden from view. Edge-to-edge customizable SEG backlit fabric graphics cover the front and back of the aluminum frame. Portable, configurable, desirable, SEGO is a lightbox unlike the others. SEGO is so well thought out, even its durable foam cut carry bag is made distinctly to keep all parts and pieces protected and organized.

DISPLAY DIMENSIONS	For a 20 x 20 ft space
GRAPHIC SIZES	78.125"w x 88.625"h (for 6.5 sego) 39.75"w x 88.625"h (for 3.3 sego) 186" W x 45" H (for Hanging Banner) 39.75"w x 39.75"h (for Counter)

GRAPHIC MATERIAL

Dye Sub Backlit Fabric

GRAPHIC FINISHING

Silicone beading sewn onto edge of graphic

DISPLAY CONSTRUCTION

Aluminum extrusion frame with plastic components

Chains

• 2" H (Per each chain)

QTY 1:
6mm Allen Key

• 3 1/2" L

NOTE: To suspend hanging banner, professional rigging services are recommended and may be required at most sites.

CARE SHEET - DYE-SUB FABRIC

### HANDLING TIPS

1. If your exhibit fabric has a zipper, please keep zipper closed for storage.

2. Wrinkles can be removed with cool iron or fabric steamer.

3. Fabric should NOT be stored when damp or wet. Store in cool, dry area.

4. For storing graphics please remove from plastic packaging that was provided and keep fabric in cool/dry place.

WASHING

1. Your fabric graphic can be machine washed. Remove any hardware attached to the fabric prior to cleaning. Use MILD soap and cool water. Air dry fabric, dry on frame if frame is available.

2. Fabric must be COMPLETELY dry prior to storing.

3. DO NOT DRY CLEAN

STAIN TREATMENT

1. Treat stain from backside of fabric.

2. Remove as much debris as possible with a soft bristle brush (do NOT rub too hard).

3. Use a clean, lint-free white cloth. Lightly pat the stain from the outside moving in (to keep stain from spreading).

4. If a cleaning solution is used, rinse the area well with water to ensure NO solution is left on fabric.

5. Most stains can be treated with household fabric stain removers. It is ALWAYS important to test how the solution will react to the fabric. This can be tested by dabbing solution to a small corner of the fabric. Most household cleaners will provide treatment instructions depending on the type of stain.

- Wrinkles can be removed from fabric with a cool iron or steamer.

- Fabric can be machine washed - use cold water, delicate cycle. **40°**

- Do NOT bleach fabric

- Do NOT tumble dry. Fabric must be air dried on the frame to prevent shrinking.
