

Hanging Structure
Disc 08 - Double Sided

TEMPLATE @ 1/10 SCALE

(2) prints to make (1) double sided structure
Total Graphic Area: 106" w X 106" h
Total Finished Area: 96" w X 96" h

Please be sure to include the 5" bleed around the perimeter (note trim & stitch locations on template). DO NOT design any critical elements (text, logos, etc.) within 1" of the edge.

General Art Guidelines:

- CMYK Color Mode
- All Solid Coated Pantone colors should be called out in the art as spot colors
- Embed all images and support files
- Resolution must be 1000-1200 ppi @ 1/10 scale, 100-120 ppi at 100% full size
- All fonts must be created to outlines
- Do not scale artboard
- Background color/images must bleed to the edge of artboard
- Do not use spot colors from template in your artwork as they will not print

bleed area _____
trim line _____
safe zone _____

A circular diagram illustrating design zones. It features three concentric circles: an outer solid line, a middle dashed line, and an inner solid line. The area between the outer and middle lines is labeled 'bleed area'. The area between the middle and inner lines is labeled 'trim line'. The central area inside the inner line is labeled 'safe zone'. The text 'SIDE 2' is centered in the middle of the diagram.
