

PRODUCT DESCRIPTION

Modco Modular Display 25 is a three-dimensional 10' x 10' pre-designed exhibit booth. Stylish and lively, this booth is built using tool-free perforated modular aluminum frames. Both Modco and a Louver frame are connected using toolless pin connectors. Perforations are completely covered for a flawless finish.

GRAPHIC INSTALL

Place graphic over the front of the frame.

Begin inserting SEG beading at each corner.

Insert the silicone beading with the fabric folded over. The silicone beading should not be exposed.

Using your fingers, push both fabric and silicone beading completely into the extrusion channel.

Continue to push in the remaining silicone beading on each side.

Check the perimeter of the frame for any excess beading that hasn't been pushed in. Graphic should be taut.
